Speech and Debate **Instructor: Right Brain Curriculum** **Min 7/Max 16**

Famously, Americans' number one fear is public speaking while death only ranks number two. If that's so, this profound fear probably starts at an early age. In our Public Speaking class, we take the fear out of speaking before an audience by getting kids talking in front a supportive group about things in which they are interested. They write speeches on subjects of their choice and practice delivering them to the assembled students. As the kids practice in this low-pressure environment, they learn skills like standing up tall, using a loud voice and making eye contact. We also watch famous and not-so-famous public speakers and critique what is successful and unsuccessful in their deliveries. The class concludes with students creating a TV news broadcast in which they serve as anchors.

Program Time 2:30 to 4:10pm

Pottery **Instructor: Lanting Truong, Art Teacher** **Min 5/Max 11**

Students will be introduced to the pottery wheel starting with the components of the wheel and safety use of the wheel. Transportation will be provided from Neary and Trottier to Southborough Art Center. **Parent pick up is 5pm.** There will be no transportation back to school if your child goes to extended. 4 classes 11/1, 11/8, 11/29, 12/6
